Key Highlights

- Exports to 120+ countries, with global registrations and manufacturing in India.
- Long-standing partnerships with Mitsui Chemicals, Nisso, and other global innovators strengthen technology and product capabilities.
- Increasing focus on specialty fungicides, biologicals, plant nutrition, and R&D, supporting higher-margin and sustainable growth.

Key Risks

- Domestic demand remains monsoon-dependent, making sales vulnerable to weak rainfall, delayed sowing, and adverse weather.
- Working-capital-intensive operations, with gross current assets expected at 190–195 days, can pressure cash flows.
- High dependence on Mancozeb continues to pose product concentration and regulatory risk.
